EXPERIENCE THE DIFFERENCE
air purifiers reimagined

reddot award 2019
winner

Experience the Difference

Introducing TruSens Air Purifiers, control the air you breathe and experience the difference

Senses pollutants

Clean air should be everywhere, not just near the purifier. Placed across the room, SensorPod™ measures pollutants away from the purifier, then communicates with the purifier to ensure the full room benefits from purified air.

Clean air everywhere

PureDirect™ proprietary technology splits clean air into two streams, delivering purified air comfortably and efficiently throughout the room.

Captures and destroys pollutants*

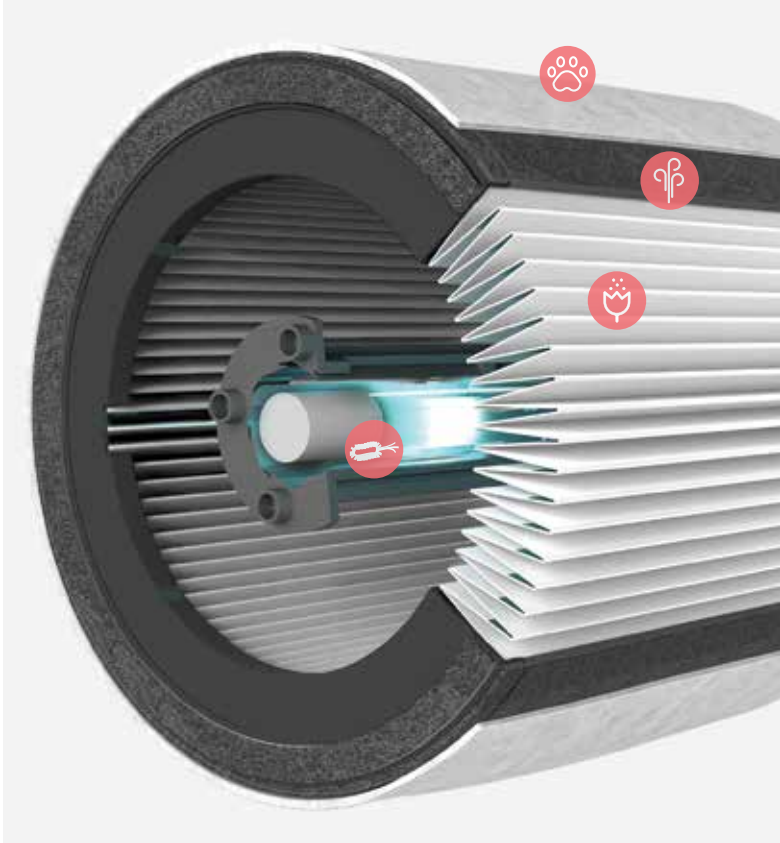

360 degree DuPont™ filtration captures pollutants such as allergens, VOC gases and microscopic particles. UltraViolet sterilisation destroys germs and viruses that can build up on the filter, preventing re-circulation of live germs.

 WASHABLE PREFILTER

 CARBON FILTER

 HEPA FILTER

 UV STERILISATION

*In laboratory testing, UV lamp killed >98.8% of Staphylococcus aureus and Pseudomonas aeruginosa.

Responds to your air

SensorPod™ air quality readings are displayed on the illuminated disc. Know when your air is good, moderate or poor and have the peace of mind that your purifier responds accordingly.

EPA AIR QUALITY INDEX

- 100+ : POOR
- 50 - 100 : MODERATE
- 0 - 50 : GOOD
